

CUSTOM WEBSITE SOLUTION

Our custom design service includes the development of a unique website look and layout that is created specifically for your business. This option is the best way to achieve the exact look and feel you are seeking.

Custom solution quotes include one website concept with three comprehensive rounds of revisions. All custom designs are carefully developed in CSS to ensure top notch, search engine friendly coding. All website photos and copy must be supplied by the client prior to commencement of design.

Costs for a custom designed HTML/CSS website:

- 10 page website: \$7200.00
- 15 page website: \$7650.00
- 20 page website: \$8780.00
